Mustafa, trading as Choice Invalid Coach (Choice or applicant), a sole proprietor, seeks a certificate of authority to transport passengers in irregular route operations between points in the Metropolitan District, restricted to transportation in vehicles with a manufacturer's designed seating capacity of 15 or fewer persons, including the driver.

Notice of this application was served on October 11, 1994, in Order No. 4404, and applicant was directed to publish further notice in a newspaper and file an affidavit of publication. Applicant complied. The application is unopposed.

The application includes information regarding, among other things, applicant's facilities, proposed tariff, finances, and regulatory compliance record.

Applicant shares office space with Elbagir A. Abdelgadir, trading as Sunshine Transportation, who also has applied for a certificate of authority.¹

Applicant proposes commencing operations with one 10-passenger van. Applicant's proposed tariff contains per capita rates for transportation under the DC Medicaid program. Applicant currently performs transportation in Virginia under the trade name Virginia Medical Transport pursuant to a taxi permit issued by the State Corporation Commission of Virginia.

Applicant filed a statement of financial condition as of September 26, 1994, showing assets of \$65,221; and equity of \$65,221. Applicant's projected operating statement for the first twelve months of WMATC operations shows WMATC operating income of \$56,000; other operating income of \$15,000; operating expenses of \$49,391; and net income of \$21,609.

¹ See In re Elbagir A. Abdelgadir, t/a Sunshine Transp., No. AP-94-47, Order No. 4403 (Oct. 11, 1994).

Applicant certifies he has access to, is familiar with, and will comply with the Compact, the Commission's rules and regulations, and United States Department of Transportation regulations relating to transportation of passengers for hire. Applicant further certifies that neither applicant nor any person controlling, controlled by, or under common control with applicant has any control relationship with a carrier other than applicant.

DISCUSSION AND CONCLUSION

This case is governed by the Compact, Title II, Article XI, Section 7(a), which provides in relevant part that:

. . . the Commission shall issue a certificate to any qualified applicant . . . if it finds that --

- (i) the applicant is fit, willing, and able to perform [the] transportation properly, conform to the provisions of this Act, and conform to the rules, regulations, and requirements of the Commission; and
- (ii) that the transportation is consistent with the public interest.

Based on the evidence in this record, the Commission finds applicant to be fit, willing, and able to perform the proposed transportation properly and to conform with applicable regulatory requirements. The Commission further finds that the proposed transportation is consistent with the public interest.

As noted above, applicant shares office space with Sunshine Transportation, whose application we are approving today.² Applicant is admonished to keep its assets, books and operations completely separate from those of Sunshine Transportation. Sharing of office space and parking facilities will be allowed, but this should not be construed as permission to share revenue vehicles or operating authority.³
